

Continental IC 80 Radial Tyres – miles more damage resistance

IC 80 Extra Deep

An exceptionally damage-resistant tyre, the IC 80's reinforced carcass and robust casing is designed for the toughest applications. Running at speeds of up to 25mph, it delivers superb mileage performance thanks to its extra deep tread and wear resistant compound; whilst low rolling resistance improves fuel efficiency. The continuous centre rib improves stability and directional control as well as eliminating vibration for a more comfortable ride.

Applications

- Heavy Duty Fork Lift Trucks over 6t
- Side Fork Lift Trucks
- Industrial tractors

IC 80 Extra Deep Features

Operational Benefits

Low rolling resistance

Lower fuel costs

Extra deep tread

Damage resistance

Wear-resistant tread compound

High mileage, longer service life

Continuous centre rib

Improved stability and direction control

Good traction

Maintains mobility in all conditions

IC 80
