

Continental SC 15 Super Elastic Tyres – they keep on rolling

SC 15

SC 15 is the premium tyre specified by leading forklift truck manufacturers, and its construction and compound are designed to deliver outstanding life in highly demanding environments. A unique flat steel cord construction reinforces the base of the tyre, improving stability and reducing vibration, prolonging tyre – and vehicle – life. Maximum durability is assured through reduced heat build-up, a key consideration when in constant round-the-clock use.

Thanks to an exceptionally tough, wear resistant tread in a tried and tested pattern, and sidewall protection, the SC 15 delivers fuel economy and outstanding life, providing 30% more wear resistance than the SC 10 for service that goes on and on.

Applications

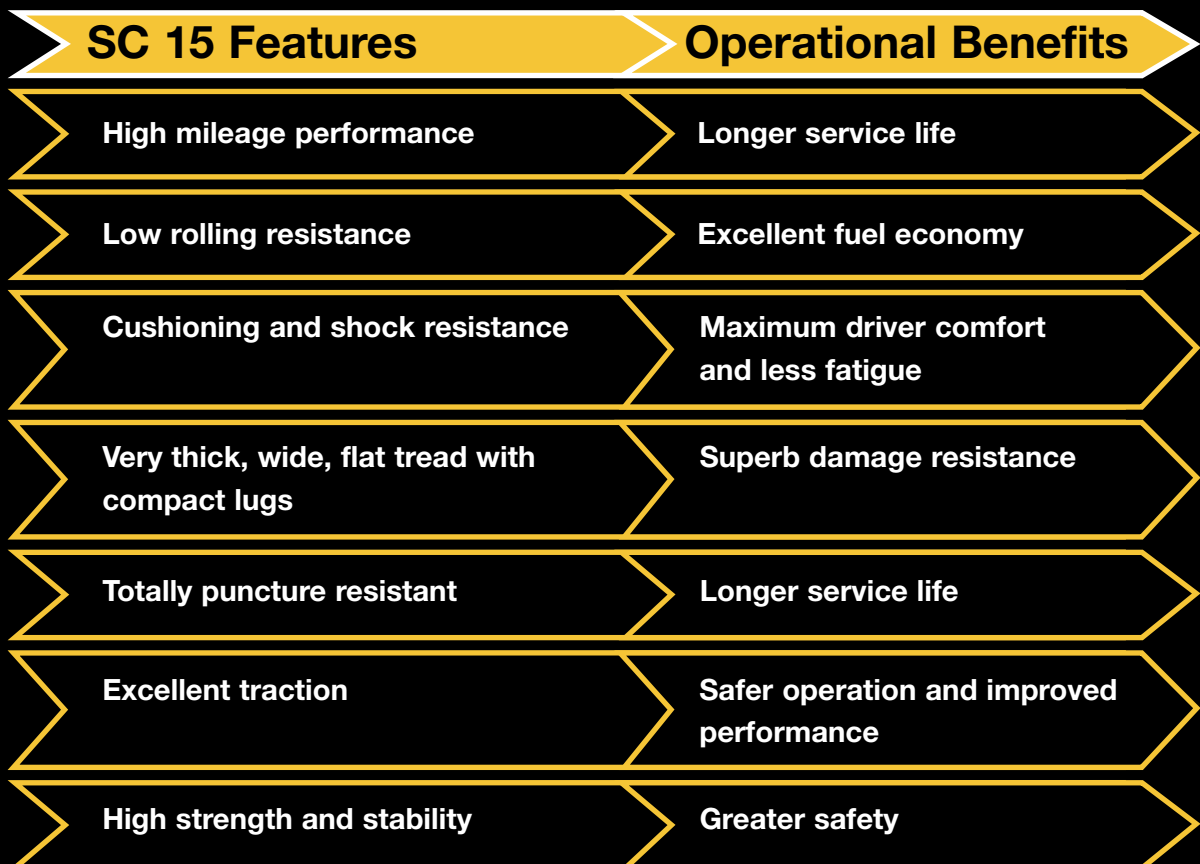

- Forklift Trucks
- Platform & Lift Trucks
- Ro-Ro Trailers
- Side Loaders
- Industrial Tractors

SuperClean

Robust (Black)

SC 15

Standard value, solid tyres,
in service
