## PREMIA PRESS ON BAND

Premia - our best ever Press on Band tyre

Premia POB from Watts has been developed as our best POB tyre to match the requirements of high performance applications. Premia POB's contoured design is engineered to produce low stress point at the band/rubber interface to give outstanding rubber to steel bond characteristics.

- **Advanced design**
- **All natural rubber construction**
- **Low heat build up**
- **Available in both Traction (with tread) and Smooth**
- **Optimum tread depth for longevity**

Available Compounds

- **Non Marking**
- **Electrically Conducting**
