

INDUSTRIAL WHEELS

Watts Industrial Wheels is one of Europe's leading suppliers to the materials handling industry. A business based on high quality products and services, with a track record the envy of its competitors.

For all your mechanical handling needs

OE FITMENTS FOR WORLDWIDE CUSTOMERS

Watts Industrial Wheels is proud of its longstanding association with many of the world's leading fork lift truck and materials handling equipment builders. Our Original Equipment pedigree includes the names of **Boss, Halla, Hamech, Holland Lift, Hyster, Yale, JCB, Jungheinrich, Komatsu, Lansing Linde, Liebherr, Liftlux, Mafi, Nouva CTC, Plan Marine, Schmidt Manufacturing, Still, TCR, Toyota and Viking Trailers.** International companies of the highest reputation specify Watts for wheel and tyre assemblies, which is fitting testimony to the quality of our products, service and support.

Large stockholdings across a wide range of wheel rims and components are maintained within the 12,000 m² central warehouse.

This means that delivery times are kept to a minimum, with same day despatch available for certain products.

Watts also owns its own transport fleet, which covers the whole of the UK at least once per week, with regular deliveries direct to European customers and distributors worldwide.
